

LLP Participates in Ohio State University Airport Open House

On September 17, Ohio State University Airport celebrated their annual Open House and LifeLine Pilots was invited to participate.

LifeLine Pilot Directors, Gary and Melissa, and our Mission Coordinator Annette made the journey from Peoria to Columbus to participate. Gary is based in Mexico Missouri, and thus had the opportunity to fly to Peoria to pick up Annette and then to Bloomington to pick up Melissa. What service!

Directors Melissa N and Gary R

With a flight threatened by thunderstorms, yet none severe, they arrived under an autumn moon and received a very warm welcome from Mike Eppley, OSU FBO Manager and his staff. Mike and his crew even waited around to help unload the plane and take the weary travelers to their hotel.

Saturday morning dawned with overcast skies, yet the enthusiasm at the airport with all the participants was not dampened by the weather. The festivities included the 5K Don Scott Trot (which took place on the runway), a pancake breakfast, static displays of civilian and military aircraft, biplane demonstrations, food trucks (YUM), Army Reserve Parachute drops and lots of fantastic people!

Several of our Ohio Volunteer Pilots came out to say hello and even spent some time at the booth talking with fellow pilots. Thank you Rich M for spending his day with us and helping out at our booth! LLP would also like to thank Ohio pilot Paula R for spreading our story via an interview with the Columbus Dispatch for their Good Life Series. Paula's interview will be forthcoming in the paper.

We would like to give a huge "Thank You" to Mike Eppley and everyone at OSU for all the support you have provided for LifeLine Pilots and to our Pilots and Directors that made this day possible!

#Giving Tuesday is coming next month

Spread the word, #Giving Tuesday will be here before you know it.

#GivingTuesday is a special call to action to create a global day of giving that brings diverse organizations and communities around the world together to give back. You don't have to be a world leader or a billionaire to give back. #GivingTuesday is about

ordinary people coming together doing extraordinary things.

The campaign is a one day event that takes place on Tuesday, November 29, 2016. However, you can donate today by clicking [here](#) and going to the LLP Webpage.

Mark your calendars and support LifeLine Pilots!
